

Sponsorship Opportunities

Annapolis Green, and its networking component, Green Drinks Annapolis, work together to assemble and share information about local environmental events and initiatives in the Annapolis area with a goal of increasing awareness and encouraging action leading to more sustainable lifestyles to benefit restoration of the Chesapeake Bay.

Annapolis Green's website, annapolisgreen.com, strives to be **the** place to obtain local information on how to Go Green and live an environmentally responsible life—easily—in the Annapolis area. Our website is a portal to local information, news, stories, events, how-to, and “who is” in the local environmental scene with emphasis on the health of the Chesapeake Bay. We believe the way to accomplish this is for the community to participate. We believe in working together to encourage positive environmental action by making connections to local eco-information on the web, via email, social networking, and in person.

Green Drinks Annapolis, *“the fun side of environmental awareness... making serious connections,”* provides a setting for informative, enjoyable networking via monthly happy hours and special events to share, learn and make connections. Green Drinks international (greendrinks.org) started in London in 1989 and is now in over 600 communities worldwide. The Annapolis group was founded 12 years ago and has now grown to as many as 200 people at our monthly events informed by email messages sent to a self-subscribed list of close to 4000 people who are passionate about the environment.
