

# INTRODUCING **THE** NAP TOWN TAP

Partner with Annapolis Green to provide area events and festivals with free filtered water!

Join the **Refill Revolution** campaign to help reduce throw-away plastic water bottles by sponsoring these portable outdoor water refill stations, **NAP TOWN TAPS**, at that next event!

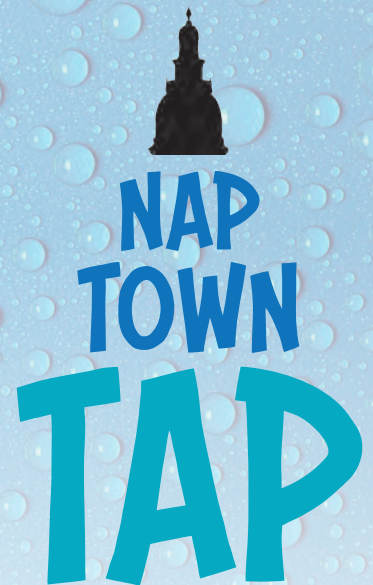

As part of our **Refill Revolution**, the **NAP TOWN TAP** encourages people to drink more water, care for our environment and waterways, and reduce throw-away plastic water bottle waste in a beautiful and hygienic way by filling up reusable cups & bottles.

Annapolis Green has four **NAP TOWN TAPS** and two chillers available for events and festivals.

These innovative portable units have a catchy look, ease of operation and adaptability for various types of outdoor events. The interchangeable graphic panels allow for promotion and advertising of events or sponsorship on both sides. This makes the free filtered water even more valuable!

Whether you are the event sponsor, event organizer, or represent the host site, associate your brand with helping provide free filtered water, reducing plastic pollution and supporting of the **Refill Revolution!**

# JOIN THE Refill Revolution WITH THE **NAPTOWNTAP**

## Benefits of the **NAPTOWNTAP**

There's no need to spend money to buy and dispose of plastic water bottles and you can take pride in knowing that you are not contributing to the epidemic of throw-away plastic that is harmful to our environment and financially wasteful.

Join well-known brands such as BGE, What's Up? Media, Chesapeake Bay Trust, Elkay, Blades of Green, the Westin Annapolis, Stella Artois and many others in associating your name or brand with sustainability and care for the environment.

## Have a **NAPTOWNTAP** at your next event!

### Without Sponsorship

For a fee of \$250, that will be used to grow the **Refill Revolution** program, we will deliver and set up a **NAPTOWNTAP** with Annapolis Green-branded panels at your event. All we require is a relatively flat surface and a hose bibb that is no further than 60 feet away. For cold water, we will include a chiller for an additional \$50. The chiller and TAP hook together for seamless cold water dispensing. The chiller requires ice (not included), which never touches the dispensed water. The units come with food-grade hoses and carbon filters and can be daisy-chained together as shown above.

### With Sponsorship

For a \$750 fee, we will design and have printed, on waterproof acrylic, a set of branded panels (identical image front & back) with your logo or message. The **NAPTOWNTAP** will be delivered with your panels inserted, as above. Delivery to a second event will cost \$250. For five or more events, \$200 each.

Every delivery includes set-up and breakdown of the units and troubleshooting if needed. We encourage you to take photos of the **NAPTOWNTAP** at your event and post on social media!
